

BALANCE MODE

Introducing the Amazing New Balance Mode Feature

When the Balance Mode is activated the system will automatically turn on and start extracting and removing stale damp air from the Kitchen, Bathroom and the Laundry

Cooking in the Kitchen

Showering in the Bathroom

Doing the Laundry

Stale damp air is expelled to the outside of the house.

At the same time it will pull fresh air from the outside and push fresh filtered Air into all the rooms of the home. Giving the home a cleanse and Making the home fresher, healthier and dryer.

This is a great feature to use every time someone in the home cooks, showers or does the laundry. Or you can schedule the balance mode to come on a couple of times a day to give the home a full cleanse.
